

This contract applies the electricity sales terms recommended by Finnish Energy. The contract-specific terms below specify the content of the fixed-term contract.

Validity of contract

This is a fixed-term contract. We will make you an offer for a new contract well before your existing contract expires. If nothing else is agreed on, the contract will continue until further notice, with a two-week period of notice on either side. The prices are announced separately by Vaasan Sähkö.

If a fixed-term contract is terminated at the latest two weeks before the end of the contract period, the termination shall take effect at the end of the contract period.

A fixed-term contract cannot be terminated during a contract period unless there is a specific reason for doing so (see Terms of Electricity Sales 2014, sections 10.2.1.–10.2.5). If you terminate a fixed-term contract for a reason not specified in the sections referred to above, Vaasan Sähkö has the right to charge a contractual penalty of 20% of the remaining contract period's total VAT free invoicing, but no less than 50 euros. The penalty charge is VAT free.

Price of sale product(s)

The price(s) specified in a fixed-term contract is/are fixed during the contract period. If the price changes when the fixed-term contract has come to its end or in a contract that is valid until further notice, the Buyer will be informed of the price change, at the invoicing address, one (1) month before the price change is to take effect.

A Buyer is considered to have accepted the price change if the contract has not been terminated at the latest two (2) weeks before the change is to come into effect. Any taxes and other payments affecting the energy price issued by the authorities may be transferred by the Vendor to the contract prices as such.

Change of place where electricity is used

This contract refers to the place where electricity is used, as specified in the contract. If you move, your contract will terminate, but you can make a new, fixed-term contract based on the prices valid at that time.

You must inform the Vendor of if the place where electricity is used changes two (2) weeks before the change comes into effect.

General terms and conditions applicable to fixed-term contracts

Unless otherwise stated below, the Terms of Electricity Sales 2014 apply. The terms are available at www.vaasansahko.fi/terms.
